

MEMORANDUM

To: Regional Medical Laboratory (RML) Clients

From: Sandra Latham, Director of Satellite Operations

Subject: Scheduling Glucose Tolerance Tests

Date: March 15, 2013

RML would like to announce a change in policy regarding the scheduling of Glucose Tolerance Testing. Effective immediately, we will no longer require the patient to schedule these tests Monday through Friday. We will offer the testing from 8:00 am until approximately 1:00 pm without an appointment so the test can be completed during business hours.

We will continue to require that these tests be scheduled if done on Saturday. These are the locations and contact information for Saturday appointments.
