

STAT Testing Tulsa Area

The test listed below are available on a STAT basis for the Tulsa area.

ABO blood group	Chem 14	Glucose, blood	Protein, CSF
Acetaminophen	Creatinine, serum	Gram stain	PT
Acetone	Cerebrospinal fluid	Hematocrit	PTT
Alcohol	CSF- Cell count	Hemoglobin	Quinidine
Alkaline Phosphatase	CSF- Differential	India ink for Cryptococcus,CSF	Strep Screen-Throat -(Rapid A Screen)
ALT (SGPT)	CSF- Glucose	Lactate, Blood	Salicylates
Ammonia	CSF- Gram stain	Lithium	Sodium
Amylase	CSF- Lactate	Liver Panel	Tegretol
AST (SGOT)	CSF- Protein	Magnesium	Theophylline (aminophylline)
Beta HCG	Crossmatch	Methemoglobin	Tobramycin
Bicarbonate	DIC profile	Mono test	Troponin
Bilirubin (total & direct)	Digoxin	Osmolality, Serum	Uric Acid
Blood gases, arterial	Dilantin	Osmolality, Urine	Urinalysis, complete
Blood urea nitrogen	Direct Coombs	pH	Urinalysis w/culture, if indicated
Calcium	Drug Screen, Blood	Phenobarbital	Vancomycin
Carbamazepine	Drug Screen, Urine (Medical only)	Platelet Count	Venous pH
Carbon monoxide	Electrolyte panel	Potassium	Wet Prep
CBC	Fibrin Degradation Products	Pregnancy test,	Valproic acid
Chloride	Fibrinogen	Pregnancy test, urine	
Chem 8	Gentamicin		

NOTE: Profiles are not available on a STAT basis unless all of their components are on the above list. If any of the above individual tests are needed STAT, please list them individually and check the STAT box. Should there be confusion concerning this issue, call 744-2500 or 1-800-722-8077 for clarification and ordering instructions.

STAT Testing Broken Arrow Area

The test listed below are available on a STAT basis for the Broken Arrow area.

ABO blood group	Creatinine	Mono Test
Acetaminophen (Tylenol, Paracetamol)	CSF Count	Occult Bloods
Alanine Transaminase (ALT)	CSF Glucose (FLGLU)	Phosphorus
Albumin	CSF Gram Stain	PLT Function Test
Alcohol (ETOH)	CSF Protein	Potassium (K)
Alkaline Phosphatase (ALP)	DDIMER	PT / INR
Ammonia (ON ICE)	Digoxin (Dig)	PTT
Amylase	Dilantin (Phenytoin)	Rapid HIV (Serum-For Employee Blood Borne Exposure Only)
Antibody Screen/Indirect Coombs (ABSC)	ESR (Erythrocyte Sedimentation Rate, Sed Rate)	Rapid RSV Testing
Arterial Blood Gas (ABG)	Fibrinogen	Salicylate (Aspirin)
Aspartate Aminotransferase (AST)	Gastrocults	Sodium (Na)
Bicarbonate (CO2)	Glucose	Stool for Polys
Bilirubin Total and Direct (TBIL and DBIL)	GTS (Group, Type and Screen)	Total Protein
Blood Urea Nitrogen (BUN)	HCG (Human Chorionic Gonadotropin, Beta HCG, and Beta Quant)	Triglyceride (Part of Lipid Group)
Brain Natriuretic Peptide (BNP, Brain Pep)	Hematocrit (Hct, Crit, PCV, Packed Cell Volume)	Troponin
C Diff (6213 client code only)	Hemoglobin (Hgb)	TSH
C Rap A SC (Strep Swab)	High Density Lipoprotein (HDL, Part of Lipid Group)	UA with Culture if Indicated (UA w/ CII)
Calcium	Influenza A/B Screen (C A/B FLU)	UA with Microscopic (UA MICR)
CBC (Complete Blood Count)	Ketones (Serum)	Unfractionated Heparin
Chem 14	Lactate (ON ICE)	Uric Acid
Chem 8	LDH	Urine Drug Screen (Drug Abuse 2)
Chloride (CL)	Lipase	Urine Pregnancy (Preg U)
Cholesterol (Part of Lipid Group)	Lipid Panel	Vancomycin
CKMB	Liver Panel	Venous PH
Creatine Phosphokinase (CK, CPK)	Magnesium	Wet Pret

NOTE: Profiles are not available on a STAT basis unless all of their components are on the above list. If any of the above individual tests are needed STAT, please list them individually and check the STAT box. Should there be confusion concerning this issue, call (918) 994-8181 for clarification and ordering instructions.

STAT Testing Owasso Area

The test listed below are available on a STAT basis for the Owasso area.

ABO blood group	Crossmatch	Occult Bloods
Acetaminophen (Tylenol, Paracetamol)	CSF Count	Phosphorus
Alanine Transaminase (ALT)	CSF Glucose (FLGLU)	Potassium (K)
Albumin	CSF Gram Stain	PT / INR
Alcohol (ETOH)	CSF Protein	PTT
Alkaline Phosphatase (ALP)	DDIMER	Rapid HIV (Serum-For Employee Blood Borne Exposure Only)
Ammonia (ON ICE)	Digoxin (Dig)	Rapid RSV Testing
Amylase	Dilantin (Phenytoin)	Salicylate (Aspirin)
Antibody Screen/Indirect Coombs (ABSC)	ESR (Erythrocyte Sedimentation Rate, Sed Rate)	Sodium (Na)
Arterial Blood Gas (ABG)	Fibrinogen	Stool for Polys
Aspartate Aminotransferase (AST)	Gastrocults	Total Protein
Bicarbonate (CO2)	Glucose	Triglyceride (Part of Lipid Group)
Bilirubin Total and Direct (TBIL and DBIL)	GTS (Group, Type and Screen)	Troponin
Blood Urea Nitrogen (BUN)	HCG (Human Chorionic Gonadotropin, Beta HCG, and Beta Quant)	TSH
Brain Natriuretic Peptide (BNP, Brain Pep)	Hematocrit (Hct, Crit, PCV, Packed Cell Volume)	UA with Culture if Indicated (UA w/ CII)
C Diff (5600 client code only)	Hemoglobin (Hgb)	UA with Microscopic (UA MICR)
C Rap A SC (Strep Swab)	High Density Lipoprotein (HDL, Part of Lipid Group)	Unfractionated Heparin
Calcium	Influenza A/B Screen (C A/B FLU)	Uric Acid
CBC (Complete Blood Count)	Ketones (Serum)	Urine Drug Screen (Drug Abuse 2)
Chem 14	Lactate (ON ICE)	Urine Pregnancy (Preg U)
Chem 8	LDH	Valproic Acid
Chloride (CL)	Lipase	Vancomycin
Cholesterol (Part of Lipid Group)	Lipid Panel	Venous PH
CKMB	Liver Panel	Wet Pret
Creatine Phosphokinase (CK, CPK)	Magnesium	
Creatinine	Mono Test	

NOTE: Profiles are not available on a STAT basis unless all of their components are on the above list. If any of the above individual tests are needed STAT, please list them individually and check the STAT box. Should there be confusion concerning this issue, call (918) 274-5151 for clarification and ordering instructions.

STAT Testing Sapulpa Area

The test listed below are available on a STAT basis for the Sapulpa area.

ABO and Rh Group and Type (ABORH)	Creatinine	Mono Test
Acetaminophen (Tylenol, Paracetamol)	Crossmatch	Occult Bloods
Alanine Transaminase (ALT)	CSF Count	Phosphorus
Albumin	CSF differential	Potassium (K)
Alcohol (ETOH)	CSF Glucose	PT / INR
Alkaline Phosphatase (ALP)	CSF Gram Stain	PTT
Ammonia (ON ICE)	CSF Protein	Rapid HIV (Serum-For Employee Blood Borne Exposure Only)
Amylase	DDIMER	Rapid RSV Testing
Antibody Screen/Indirect Coombs (ABSC)	Digoxin (Dig)	Reducing Substance (Urine Glucose)
Arterial Blood Gas (ABG)	Dilantin (Phenytoin)	Salicylate (Aspirin)
Aspartate Aminotransferase (AST)	Direct Combs (DAT)	Sodium (Na)
Bicarbonate (CO2)	ESR (Erythrocyte Sedimentation Rate, Sed Rate)	STAT Gram stains
Bilirubin Total (TBIL)	Gastrocults	Stool for Polys
Blood Urea Nitrogen (BUN)	Glucose	Total Protein
Brain Natriuretic Peptide (BNP, Brain Pep)	GTS (Group, Type and Screen)	Troponin
C Rap A SC (Strep Swab)	HCG (Human Chorionic Gonadotropin, Beta HCG, and Beta Quant)	UA with Culture if Indicated (UA w/ CII)
Calcium	Hematocrit (Hct, Crit, PCV, Packed Cell Volume)	UA with Microscopic (UA MICR)
CBC (Complete Blood Count)	Hemoglobin (Hgb)	Uric Acid
Chem 14	Influenza A/B Screen (C A/B FLU)	Urine Drug Screen (Drug Abuse 2)
Chem 8	Ketones (Serum)	Urine Pregnancy (Preg U)
Chloride (CL)	Lactate (ON ICE)	Vancomycin
CKMB	Lipase	Venous PH
Creatine Phosphokinase (CK, CPK)	Magnesium	Wet Pret

STAT Testing Bartlesville Area

The test listed below are available on a STAT basis for the Bartlesville area.

ABO blood group	DIC Profile	Phenobarbital
Acetaminophen	Differential, manual	Phosphorus
Acetone, serum	Digoxin	Platelet count
Alcohol	Dilantin	Potassium
Alkaline Phosphatase	Direct Coombs	Pregnancy test, serum
ALT (SGPT)	D-Dimer	Pregnancy test, urine
Ammonia	Drug Screen, Blood	Procainamide
Amylase, serum	Drug Screen, Urine	PT- Prothrombin Time
Antibody screen	Fibrinogen	PTT
AST (AGOT)	Gentamicin	Quinidine
Bilirubin, (total & direct)	Glucose, blood	Salicylate
Blood gases, arterial	Gram stain	Sodium
Blood urea nitrogen (BUN)	Hematocrit	Strep Screen – Throat (Rapid Strep A)
Calcium	Hemoglobin	Tegretol
Carbon Dioxide	India ink for cryptococcus, CSF	Theophylline
CBC (Complete Blood Count)	Lactate, blood	Urinalysis, complete
Chloride	Lactate, CSF	Urinalysis, w/o microscopic
Chem 8	Lithium	Urinalysis, w/ culture, if indicated
Chem 14	Magnesium	Valproic acid
Creatinine, serum	Osmolality, serum	Vancomycin
Crossmatch (blood product)	Osmolality, urine	Wet Prep
CSF (Cerebrospinal Fluid) - cell count, differential, glucose, Gram stain, protein	pH, venous	

NOTE: Profiles are not available on a STAT basis unless all of their components are on the above list. If any of the above individual tests are needed STAT, please list them individually and check the STAT box. Should there be confusion concerning this issue, call (918) 331-1737 for clarification and ordering instructions.
