Subject: Updated Rheumatoid Factor Reference Range

On October 23, 2018, Regional Medical Laboratory will transition rheumatoid factor testing to a new, highly automated testing platform performing a latex enhanced immunoturbidimetric assay. This transition will impact the reference range. Please review the test information below to prepare for this change. Updated reference ranges will chart with each patient result.

Order Test Code	Test Name	Old Range	New Range
5572775	RA Factor (Rheumatoid Factor)	< 20 IU/mL	< 30 IU/mL

Please contact Ryan Hatley or Dr. Caitlin Schein at 918-744-2553 with questions regarding this update.
