

# MEMORANDUM

To: All Regional Medical Laboratory, Inc. (RML) Clients

From: Regional Medical Laboratory, Inc.  
Sonya Bruening, BS, MLT (AMT), Manager of Immunology  
Gerald C. Miller, Ph.D., Chief of Immunology and Microbiology

Date: October 1, 2019

**Subject: Reagent Backorder Alert – Complement, total (CH50)**

---

We have been informed by our reagent manufacturer that the Complement, total reagent is on backorder. We are expecting the reagent to be released the week of October 14<sup>th</sup>. The core laboratory is unable to perform testing during this time. We will continue to offer testing on serum as a send out test.

TEST NAME	MNEMONIC	TEST NUMBER
Complement, total	CH50	5569251

There will be no change to the test name, CPT code, and pricing. The methodology for the send out test is semi-quantitative enzyme-linked, immunosorbent assay. The reference range will temporarily change to:

- Normal - 60 – 144 CAE units
- Low – Less than 59 CAE units
- High – Greater than 145 CAE units

We regret the delay in test results for our clients and their patients. We will send out another announcement as soon as inhouse testing resumes. If you have any questions regarding this communication, please contact Dr. Gerald Miller or Sonya Bruening at 918-744-2500.
