

## MEMORANDUM

**TO:** Regional Medical Laboratory (RML) Clients  
**FROM:** Joshua Freitag, Manager-Laboratory Revenue Cycle  
**DATE:** December 30, 2019  
**SUBJECT:** 2020 CPT® Code Changes from American Medical Association (AMA)

---

The American Medical Association (AMA) CPT® code changes are effective January 1, 2020. Regional Medical Laboratory (RML) will implement CPT® code changes to align with AMA recommendations as follows:

Procedure Code	Order Mnemonic	Description	Previous CPT® Code(s)	New 2020 CPT® Code(s)
3666950	<b>LACOSAMIDE</b>	Lacosamide Level	G0480; (alternate 80339)	<b>80235</b>
6900577	<b>VORICONAZOLE LVL</b>	Voriconazole, Quantitation Serum/Plasma	80299	<b>80285</b>
6905051	<b>INFLIXIMAB NAB</b>	Infliximab Activity and Neutralizing Antibody	80299; 82397	<b>80230;</b> <b>82397</b>
6905121	<b>POSACON AF</b>	Posaconazole Quantl by LC-MS/MS	80299	<b>80187</b>

This memo is available in the Physician Center of the RML website at [www.rmlonline.com](http://www.rmlonline.com). CPT® code updates received from reference laboratories used by RML after January 1, 2020 will be published when available.

The CPT® codes provided are based on AMA guidelines and are for informational purposes only. CPT® coding is the sole responsibility of the billing party. Please direct any questions regarding CPT® coding to the payor being billed. If you have any questions, please contact Joshua Freitag, Manager-Laboratory Revenue Cycle at 918-403-0261 or [Joshua.Freitag@ascension.org](mailto:Joshua.Freitag@ascension.org).
