

MEMORANDUM

To: All Regional Medical Laboratory Clients
From: Michelle Terrell, MT(ASCP), Manager Microbiology and Molecular
Cindi R. Starkey, MD, PhD, Medical Director
Date: June 9, 2021
Subject: Respiratory Virus panel by PCR

Regional Medical Laboratory, Inc, (RML), is resuming testing of the complete Respiratory Virus panel by PCR. With the decreasing volume of COVID-19 PCR testing, and increasing laboratory supplies, we are again able to offer the full Respiratory Virus panel by PCR. The Mini Respiratory Virus panel by PCR will continue to be offered as well. See below for details:

TEST NAME	MNEMONIC	TEST NUMBER	VIRAL TARGETS	CPT CODE
Respiratory Virus Panel by PCR	VRESP PCR	5568555	Adenovirus Influenza A Influenza B RSV Parainfluenza 1-3 Metapneumovirus	87632
Respiratory Virus Mini-Panel by PCR	Mini Vresp PCR	6907567	Adenovirus Influenza A Influenza B RSV Metapneumovirus	87631

If you have any questions please contact Michelle Terrell at 918-744-2500 or Dr. Cindi Starkey at 918-744-2553.
