

*This Special Immediate Action LiveWire is to inform you of an oversite in the listing of inactivated tests from the February 17th LiveWire this year. Rubeola IgG and IgM code [5571200] was discontinued along with the other Immunology tests but was not listed on the 02/17/2017 LiveWire. Note if you have already built the replacement Rubeola IgG and IgM code [5571201] then please just discontinue the [5571200] code. We apologize for this inconvenience.*
